**Calendar for  
Climate Change**

Quid-Pro-Quo – Inter-generational  
Education to Ease Global Warming

Welcome to the 2nd newsletter of the Calendar for Climate Change project!

PROJECT DURATION: 01/11/2021 – 01/11/2023

COORDINATOR: Jugendförderverein Parchim/Lübz, Germany

PARTNER COUNTRIES: Germany, Ireland, Cyprus, Malta, Croatia, Italy, Romania

## C4CC headlines

“Calendar for Climate Change” Erasmus+ funded project aims to creatively tackle two important societal issues simultaneously – the lack of climate change awareness and the disengagement in society that senior citizens endure after retirement

PR1 **Calendar for Climate Change Resources** will comprise a combination of 12 low-tech resources and 12 high-tech resources that address climate change issues that are appropriate for each month of the year taking into consideration the climate change challenges that are pertinent for each month in each partner country.

PR2 **Inter-generational Learning In-service Programme** will ensure that adult educators are fully trained to harness the potential of the project resources. The developed learning content will address the pedagogic challenges associated with online learning and working in dynamic online environments as well as with developing inter-generational learning programmes.

PR3 **Calendar for Climate Change Mobile App** proposes to bring learning resources right to the smartphone user through one of the most frequently used apps on their device. It will include hyperlinks bringing the user to the low and high-tech solutions proposed for that month.

## C4CC Project updates

- two online meetings held
- first face-to-face meeting held in Virginia, Ireland (13 and 14 June 2022)
- work on PR1 in progress
- ideas for PR2 brainstormed
- ideas for PR3 brainstormed
- content for two newsletters created
- Facebook and Instagram page with news about the project regularly updated
- project website created and soon to be available in English and in all partners' languages

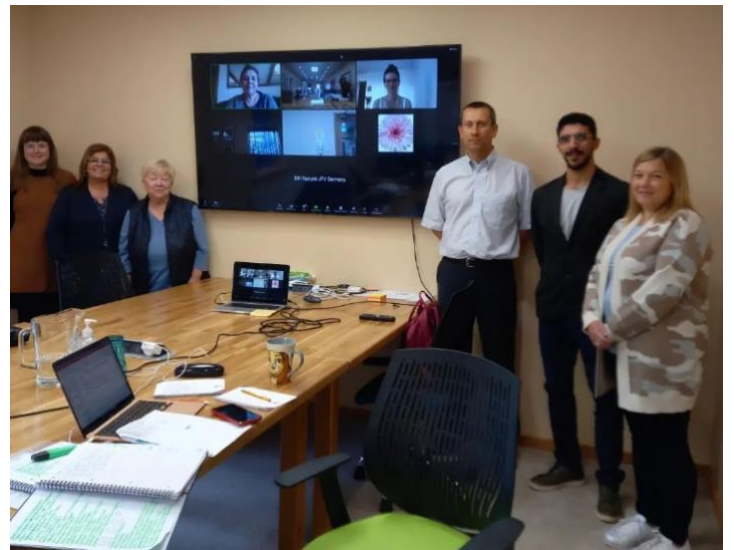

## Transnational project meeting

On 13 and 14 June we held our international meeting in Virginia, Ireland, in a hybrid form. The organizers and hosts of the event were Future in Perspective.

During the meeting the consortium discussed the progress of the project, the results accomplished so far and future steps that need to be taken.

A lot of brainstorming was done for our Inter-generational Learning In-service Programme and the Mobile App.

### What is coming next?

- launch of the project website
- hold online project meetings (next one in August)
- hold two face-to-face meetings: Italy (November 2022) and Germany (June 2023)
- content development for PR1, PR2 & PR3
- short-term joint staff training event in Rijeka, Croatia, in April 2023
- Blended mobility of adult learners in Ireland October 2023
- Multiplier Events in all partner countries in October 2023
- Final Conference in Germany in November 2023
